

Archie's Leaver Reflection

Introduction:

My time here at TG has been a bit of a rollercoaster ride with lots of different memories and I would like to thank everybody for helping me over the years.

First memories:

My first memory of TG was in Class 2 when we toasted marshmallows at forest school.

Funniest memories:

My funniest moment was on PGL where Charlie, Harrison, Josh, Bob and I had a party just before bed. Another memorable event was when we were doing Class 3 campout and my friends and I bounced around the tent in our sleeping bags and knocked each other over.

My friends:

During my time here at TG, I have made quite a few friends, some have already moved on to their high schools, but many I am saying goodbye to today.

Conclusion:

Well, I guess that's it, I would like to thank everybody for helping me over the years. I'm very sad to be leaving and I'm sure there will be an Archie shaped hole in the TG family when I leave.

Goodbye TG!
