

My T.G Journey

Introduction

My 7 years at T.G have been very memorable. I was told that Year 6 would go by really quickly but I didn't believe it, now I definitely do. I have enjoyed every minute of being here and I will truly miss T.G and everyone that's in it but I'm looking forward to going on to high school and making even more memories.

First Memories

I remember that in reception someone, not naming names, threw a toy tractor at me. This person knows who they are... Another memory that I have of my time in Class 1 is that on my first day I got really upset and cried because my pencil WOULD NOT sharpen, which I need to admit, was a tiny bit of an overreaction; only a really tiny bit though.

Funniest Memories

I could talk about so many funny memories throughout my time in T.G but I'll just name a few. I remember that last year, at the former Year 6s leavers' service, they were singing a song in front of us and then Alice and Lilia were freaking out and told me that a spider was in my hair. As all the Year 6s know, I am absolutely TERRIFIED of spiders, they are my number one fear. I was trying my best to panic without any noise and then Mrs. Shearn came over to see what was going on and so I told her. Turns out that it wasn't a spider, it was a piece of fluff. Another memory I have is when Kayla was shaking her head a lot and then she knocked over an entire pot of sticks that we were using for our DT CAMS project and they all fell down the side of a row of cupboards.

Highlights

A main highlight of course has to be when I met Ethan, my buddy. I got to know him really well and from that moment I have learnt that he loves sticks and he likes to create things. I wish him lots of good luck for the rest of his journey at TG and I know that he will do well. For me PGL was a highlight because it was fun to be away for a weekend with friends.

Conclusion

I will miss T.G but I'm excited to be going on to my next school, Chipping Campden. I wish good luck to my fellow Year 6s who are going to different schools from me but I won't say goodbye, I'll just say HASTA LUEGO - see you later. I am looking forward to seeing the Year 6s

that are at the same school as me in September, and I would like to say thank you to all of my teachers who have helped me over the years.

Thank you and bye TG,

Lily xxx
