

My time at TG

My time here at TG has been amazing and absolutely unforgettable, and I'm excited to be moving on but it feels awful to leave the place I've spent the best seven years of my life.

Funniest memories

One of my most amusing memories was when I was in Class 1 and some of the boys went inside while all the teachers were outside. They tied up string all around the classroom to trap Mrs. Hendry who was about to come in. Another one has to be when I was in Class 4 and we were making fake blood. This created a comedy gold moment because we all forgot about the hole in the plastic bag and its contents dripped out all the red dye onto the table and our hands which, thankfully, had gloves on them.

Best memories

One of my best memories has to be playing Brainbox, every Wednesday, in Class 3 with Mr. Strangwood. We usually did this to go to lunch, especially when people got the answers ridiculously wrong like when one person who will remain nameless was asked how many tentacles an octopus has and confidently answered, 'seven'.

Now, as much as I would love to redo it all, I must sadly move on and go to a new school but I will always cherish the memories I have made here and never forget them.

Nancy
