

My journey at TG 😊

The years I have spent at TG have been the best of my life. It feels like yesterday I was walking (very reluctantly) through the doors of Reception on my first day of school.

Funny times with Lilia

I have had so many funny times with Lilia I needed to dedicate a whole paragraph to the good times I have had with her. One of my favourite moments with was when we had seats on the other side of the classroom from each other but our seats had a pathway where we could see each other directly. Because of this, once, I was looking at Lilia (for some weird reason) and then she looked at me and we just couldn't stop laughing. Another time is when we were at drama with Mrs. Staples and she said something that made me laugh while I was drinking. Subsequently poor Autumn got water spat all over her and I got the nickname Pip Sink.

Embarrassing Moments

One of my most embarrassing moments at school was last year when Lilia, Ella, Alice J, Hollie, and I were playing jailbreak and Ella and I ran into each other and she fell on top of me and I hit my head on the concrete and had to have an ice pack on my head for the next 3 hours. Another embarrassing moment was at PGL when Mrs. Shearn, Kayla and I trailed behind the group on the way to the challenge course and when the path split we got lost! Luckily, Mrs. Shearn has a good sense of direction otherwise we would have missed it.

Conclusion

I still cannot believe that my time at TG is about to draw to a close. Although I know I will love high school I truly don't want to leave. I will remember this place forever. It is my happy place.
