

Life as a TG member

Joining TG

I vividly remember joining the school in year 2 and ever since then I have made many friends who I hope to stay in contact with in the future. When I first joined TG, I was terrified - moving to a new school is quite frightening! But within days, with help from my peers, I settled in and relaxed into the new environment and my TG journey set sail.

My most embarrassing and amusing memories

When I and one of my closest friends were in class 3, during the Christmas fair, we bought the filthiest chocolate cake and got the enormous amount of icing all over our faces! Until this day, no-one has ever known. By the way, I am extremely sorry for anyone who needed paper, but our faces were more important. Another most embarrassing moment was bell-boating... my dad was attempting to steer our boat and we continuously crashed into many objects and, with me being at the front of the boat, I was pushed into many trees! Overall, the experience was still extremely fun.

Friendships

Throughout my journey as a TG student, I have made many friendships, with many 'besties' who have helped me along the way. The idea of leaving them behind as I journey onto my new school breaks my heart. Hopefully, I will be able to stay in touch with the majority of them and will dearly miss those that I won't.

Conclusion

Overall, I thoroughly enjoyed my time at Temple Grafton and will miss everyone here but as I comfortably move into secondary school I would like to thank all of the teachers who have helped me on this journey.
