

My time at TG

My time at TG has been amazing. I have had many fun experiences and I have made many good friends.

Funny moments

One of my funniest moments at TG (there has been many) has to be when Mrs. Hendry was checking the lift and she got trapped! We were all waving to her when we were going to the Hall for assembly. My other funny memory was when I was writing this reflection and Hollie tried to see what I was doing and trapped my pinkie finger under the computer (it was an accident). When Hollie realized I was typing this we both burst out in laughter.

Embarrassing moments

One of my most embarrassing moments was when I had a poppy seed cake for lunch and when I got outside to play, Amelie made me laugh so hard poppy seeds shot out of my nose!(it felt like fire).

One of my most unfortunate moments was when, in class 3, we were all outside playing tennis and I looked out from the row to see what was happening and someone hit the ball and it hit me in the nose and caused a major nosebleed.

Conclusion

My time at TG has been incredible! I would like to say thank you to all the teachers, my friends and my fantastic buddies Candice and Lily who have made my journey possible.

Also I will miss all the reception children, especially my lovely buddy Harriet who made me feel happy even on the saddest days. I will miss your sunny smile (even though you were shy) and I will remember you for years to come.

I would like to say goodbye to everyone at TG as I start to leave and go to my new school SGGS (Stratford Girls Grammar School).
