

My Time at TG

by Jack

My time at TG has been a happy and memorable one. I can't believe how many memories and friends I have made. Moving on to a new school, KES, is going to be tough I know, but the things that I will have learnt in these 6 years will definitely help. Although Covid-19 has stopped us from doing many things, a light is shining at the end of the tunnel.

First memories

I remember when Miss Britt was showing me around the school, she asked who would be my friend and Kit leapt up and began to yell at the top of his lungs, "I will, I will, I will."

Funniest memories

I do remember that in Class 3 camp-out some of the boys in my tent had figured out how to open the window inside the tent and began to wave and make faces at the other tents. Oscar, the next day, began to eat (endlessly may I add) tons and tons of bugs. Grasshoppers, ants and all sorts disappeared down his throat. Then we set up Tractor Club, and Samuel, Yash and I began to plot our conquest (using tractors) of the world. And one day, we were out at lunch and were suddenly mobbed at the blue benches by the SNS. (The Secret Nun Society).

We recently went on a Yr6 campout. We put up our own tents and slept in them. I did not get to sleep until 2 am, not unexpected, but once I did, though, I sleepwalked out of my tent and tried to break into another tent. Fortunately, Mrs. Pellet-Ward spotted me and directed me back to bed.

My Friends

My friends, if I may say so, stood beside me through Corona. No not the beer - don't get excited. I want to say thank you to my buddy Cobi with those dabs and the floss. (Still working on it.) I also want to say thank you to my close friends who have been there for me to talk about Fortnite and Gaming.

Conclusion

My 6 years at TG have been happy and memorable and not the least bit boring. I will carry the knowledge I have gained to KES and to help me in my years to come. Thank you to all the teachers for their help in my academic and Military Tank corps future. Thank You and Goodbye TG!!!!!!!!!!
