Reference: Forest School

Dear Parents and Carers,

We are delighted to be able to tell you that Class 3 will be having a Forest School session, on our site just across the road, on Monday morning next week.

What do the children need to wear?

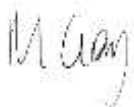

It is important that the children are comfortable and not worried about getting their clothes dirty. We don't let the weather stop us having fun but it is important that we are suitably dressed. The children should come to school dressed for Forest School, they will need warm layers, waterproofs and suitable footwear. Suitable footwear might include old trainers/walking boots; wellies if the weather has been especially wet. Hats and gloves are also a good idea for the chillier days. Long sleeved tops and trousers are essential.

Consent Form

As we will be going off site we would ask you to fill in the consent form and medical details and return this to the school office as soon as possible.

If you have any questions or concerns about your child taking part in this programme please do not hesitate to get in touch.

Best wishes,

Mary Gray
Head of School
