## Reference: Forest School

Dear Parents and Carers,

We are delighted to be able to tell you that Class 4 will be starting Recovery Curriculum Forest School, on our site just across the road, from next week. It will be on Tuesday afternoons, starting on 15<sup>th</sup> September, until further notice.

### What do the children need to wear?

It is important that the children are comfortable and not worried about getting their clothes dirty. We don't let the weather stop us having fun but it is important that we are suitably dressed. Thanks to the PTA, school are able to supply waterproof dungarees and a waterproof jacket but the children will need warm layers to go underneath and suitable footwear. Hats and gloves are also a good idea for the chillier days. If we are fortunate enough to have a warm Autumn, children still need to have long sleeved tops and long trousers to keep them safe.

### Consent Form

As we will be going off site we would ask you to fill in the consent form and medical details and return this to the school office by Monday 14<sup>th</sup> September. Return either by hand or by email, please ask Miss Britt if you would like a paper copy.

If you have any questions or concerns about your child taking part in this programme please do not hesitate to come in and have a chat!

Best wishes,

Mary Gray  
Head of School
