

What it means to be a TG Pupil

By Aaron Chapman

I'm so glad I joined TG because I've had the best time here and I don't really want to leave this beautiful school. All the friends that I've made, I don't want to leave them either but we are so close, I know that we will keep in touch. All the lovely teachers too – I hope to see them again.

Best Moments

I loved Rock Bottom because of it that's how I'm best friends with Jonas & Jack because we had so much rehearsing and performing it. Jack, Jonas and I were Juan 1, Juan 2 and Juan 3. The highlight of our routine has to be being chased by a dinosaur...who was none other than...Miss Britt! Clever disguise!

I've loved so many great adventures including bellboating and Class 3 camp-out: I loved putting up the tent, but the thing is, I couldn't sleep for a while because of Jonas, who WOULDN'T STOP SNORRING. Eventually, I must have slept like a log because I was told that I got kicked in the head and stood on...but I can't remember the any of it.

Overall

For me, what it means to be TG pupil is everything I aim to be: kind, caring, respectful, hard-working and fun. Overall my time here has been amazing - the teachers are really caring and I love this school.

Thank you, TG.
