

What it means to be a TG pupil.

My time at TG has been fantastic because I have got to do so much in just a small amount of time. The reason why I have enjoyed it so much is because I have made lots of friends and the teachers have done so much for me. Also, every school trip I've been on has been amazing. I have learnt so much here at TG.

Favourite Subject

One of my favourite subjects is probably math's and especially cracking times tables because in year 4 I was on level 11 but over 2 years I have moved up to level 23 and I am very proud of myself. I couldn't have done it without Mr Strangwood because he always cheered me on and made funny jokes; but sadly, when I was a year 5, he left. He and all of the school were very sad when he left but we have still continued doing cracking times tables and sometimes he even visits. I love English too.

Best Moment

My best moments at TG are going to the woods and bellboating. This year we couldn't do bellboating because it was raining heavily, but luckily last year I got to experience it. I also liked the plays that Mrs Staples created because some of the lines were really funny and even the parents thought they were funny!

One of the best moments was when we went to Weston-super-Mare because we got to ride on all of the donkeys and after we had some ice creams. Yum!

Overall

Even though lockdown has ruined us going to PGL I have had a good 2 weeks back and being a TG pupil has been great. I rate this school 10 out of 10! Overall I have had a spectacular 7 years at TG and I wish the other year 6s well. Thankyou everyone!!!
