

What it means to be a TG pupil

I have only been at TG about 1 and a half years, but my time has been amazing. When I first came, the only person I knew was not here, but everyone surrounded me and made me feel warm and welcome. Each day I would come into school happy because that is what this school made me feel. And it only took a week until I already knew it was my favorite place to be, even more fun than a rollercoaster, and believe me I love those. When I first stepped into this building I would have to call it my second home. Each lesson I learned something new and all the teachers made it challenging but yet super fun.

During my time at TG, I made my transition into yr 6, made new friends, and learned new things so I would like to thank everyone for making my time at Temple Grafton School so special.

In TG my favourite memory was when we did the Christmas play, Super Stan and it was really dark and when Mrs. Hendry turned on the lights ,everyone turned and acted as if they were about to go blind it was sooo light. I have really enjoyed my time at TG and I will miss it very much.
