12th May 2020

Dear TG Families

Many of you would have seen the Prime Minister's announcement on Sunday that the Government's intention is for schools to begin to reopen from 1st June, providing their 5 tests have been met. Initially, this will be for Reception, Year 1 and Year 6 children.

Guidance was published last night and today we are starting the process of working through the guidance to ensure that we take all necessary action before any reopening of our school. We will be communicating with you again before the school reopens for these year groups to explain in much more detail about how this will work and how we will ensure the safety of your children and our staff.

To help us understand how parents are feeling regarding the recent announcement, we have created a short survey for parents and carers of children in Reception, Year 1 and Year 6 to complete. This survey will close midday Thursday 14th May. **Please click on the link to complete the survey - [YR, Y1 & Y6 Survey](#)**

Key Worker Parents and Carers

At present, the school remains closed and only open for children of key workers. The guidance from government regarding these children has changed, it now states: *"Now that we have made progress in reducing the transmission of coronavirus we are encouraging all eligible children to attend – it is no longer necessary for parents of eligible children to keep them at home if they can."*

We are therefore anticipating the number of children of key workers that need to come into school to increase. In order for us to gain an understanding of the possible increase in numbers. We would ask that all parents, where one of the household is a key worker, complete the short survey below. We have rotas in place that ensures that we have the right number of staff on site to keep group sizes low and to maintain social distancing. If numbers increase, we need to understand the possible impact of this on our ability to maintain a safe environment, so that we can plan accordingly. This survey will also close midday Thursday 14th May. **Please click on the link to complete the survey [Key Worker Survey](#)**

Government Guidance

The Government has also issued guidance for parents which you may find useful to read the information can be found [here](#). Please be assured that we will continue to do all we can to support your children and we are committed to giving you all the best support that we can.

Kind regards,

Sarah Hendry
